International Carding Scheme Guidance Note

The International Carding Scheme is an integral part of Ireland's High Performance System. Since 1999, the International Carding Scheme has provided financial support to athletes for their training and competition programmes. The primary purpose of this funding is to support Irish athletes in reaching finals and achieving medals at European, World, Olympic and Paralympic level.

Sport Ireland continues to review the Scheme to ensure it remains fit for purpose and a world-class offering for Irish athletes. Throughout the Paris Cycle, Sport Ireland has introduced several advancements, including increased award levels, multi-annual funding, financial supports under the Athlete Career Transition Programme, and funding equality across para-athletes and pilots/guides.

Ahead of the LA Cycle (2025-2028) Sport Ireland, alongside the National Governing Bodies (NGB), have reviewed and updated the International Carding Scheme Criteria. The updated criteria reflects the progress of NGBs' High Performance Programmes and continued improved performances. Sport Ireland remains committed to supporting senior athletes at a level that is appropriate for their stage of development, and in a manner that enables them to continue to progress.

The role of the NGB in the decision-making process to award Carding should be understood by athletes and coaches. Sport Ireland will only consider applicants where there is NGB endorsement. NGB/Performance Director endorsement is a key factor in the decision-making process and Sport Ireland places a high value on the expertise of the Performance Director. The achievement of criteria is a key factor when awarding Carding, however it is not the only area considered by Sport Ireland. The Carding Guidelines ([available on the Sport Ireland website](#)) should be read in conjunction with this document.

In 2026 Carding will be awarded on a one year basis.

Athletes in receipt of an award should understand the purpose of the Carding Scheme and their responsibilities whilst in receipt of funding. All athletes in receipt of an award must have valid tax clearance and are responsible for their own tax affairs. Athletes are not employees of Sport Ireland under this Scheme. Please refer to the Guideline document linked above for further information.

Notes:

- Athletics Ireland has developed a performance standard matrix which details performance standards indicative of performance level required for an international, World Class or Podium Championship performance. Performances at major championships are the primary criteria. In the absence of the championship performance as outlined in the above table, Athletics Ireland's Performance Director can apply for funding for the athletes that achieve the required performance standards which can be considered on a case by case basis by Sport Ireland's Carding Committee.
 - Podium Standard x 2
 - World Class Standard x 2

- International Standard x 2

- Further details of the performance standards can be found on the Athletics Ireland website:
<https://www.athleticsireland.ie/high-performance/carding>
- Athletes to be considered for the Scheme must have signed an AI Athlete Agreement

 - 1) Performance Standards and ranking (see above).
 - 2) Performance potential.
 - 3) Performance consistency.
- Details relating to points 2) and 3) above can be found in the Para Athletics Panel Selection Policy on the Paralympics Ireland website.
- Only athlete performances in Paralympic events can be considered for qualifying for the 2026 Sport Ireland International Carding Scheme.
- World Para Athletics World Championships refers to the outdoor edition of the Championships.
