RACE NUMBER & T-SHIRT COLLECTION

To participate in the event, you must have your **race number (bib)**.

- If you registered before the 9th July, your race number and any purchased T-shirt will be sent to you by post.
- If you registered after the postal cut-off date, you can collect your race number on the morning of the race from the WHITE marquees.

Number Collection Area

- Opens: **2 hours before race start** | Closes: **15 minutes before the start**
 - ◆ If your race number was due to be posted and does not arrive via post, please visit the Help Desk located in the number collection tent for assistance.
-

WEARING YOUR RACE NUMBER (BIB)

- Attach your race number to the front of your shirt using safety pins.
- The timing chip is embedded in your bib — do not tamper with or remove it.
- Keep your bib clearly visible at all times.
- Do not remove your bib until you cross the finish line.
- Your bib also serves as an emergency identifier.

On the **back of your bib**, clearly write:

- Your name and emergency contact number
 - Any medical conditions
-

ASSEMBLY & START LINE

The assembly area is located behind the clearly marked start gantry and is divided into designated waves. These waves are planned for the safety, comfort, and enjoyment of *all* participants.

National Championship competitors: Your timing is based on **gun time**, so please ensure you start in **Wave 1**.

We'll have **3 start waves**:

- **Wave 1:** National Championships & Runners targeting sub 60 minutes
- **Wave 2:** Runners targeting 60-80 minutes
- **Wave 3:** Runners targeting 80 minutes and above

Please note: You will receive an accurate **chip time**—this means your race time begins only *when you cross the start line*, not when the gun goes off. So there's absolutely **no need to push forward or crowd the front**.

It's important that you **start in the correct wave** for your fitness level to ensure a smooth and fair experience for everyone. For example, if your estimated finish time is around 78 minutes, position yourself toward the back of Wave 2.

 We're proud to be nearly 50/50 male–female at this event—and we'd love to see that reflected at the start line! Female athletes competing in the National Championships who feel comfortable doing so, please join us at the front and help us showcase true inclusivity.

PACERS

We're pleased to offer **official pacers** to help you hit your target time!

 Pacers will be available for the following finish times:
70 min, 80 min, 90 min, 100 min and 110 min.

Pacers will be clearly identifiable and located in the appropriate start waves.
Join your chosen pacer in the assembly area to maintain a steady pace and reach your goal.

BAGGAGE STORAGE

Limited baggage storage will be available.

- Place your bag in the section matching your race number.
- You'll need to show your race number to reclaim your bag.
